Mini Car Club Auckland Inc.

Please use your LAST NAME, club member number (if you have one) and TRACKDAY as a reference

### **In order for the track day to run smoothly please take time to study the instructions below:**

We'll all meet at the café at Hampton Downs (HD) car par at 11.00am onwards.

Enter the premises through gate 2, then follow the blue line all the way down to the main track buildings. HD will greet us and get us all signed in. This usually takes place at the function rooms above the main track offices.

The track sessions will be underway by around 1pm to give you maximum track time.

### **Rough Schedule as below:**

11.30am-12.30pm - sign on.

12.30pm- briefing

12.45 – low speed familiarisation laps

1pm - Start of the track sessions.

The Track session will be explained to us but basically we'll run in 3 groups of about 10 cars for about 8 laps, then exit the circuit ready for the next group to go out. For those that are sharing cars this will be the time to change over drivers. Groupings will be, Classic Mini Slow Group, Fast Group, BMW Mini's and Race cars.

### **Please remember the HD health and safety policies.**

Most if not all minis have lap diagonal belts, therefore, all drivers must have a minimum of a fire retardant race suit, closed in shoes, helmet and a foam neck brace.

HD do have these for hire if required at very reasonable rates.

If you wish to purchase your own can I recommend Chicane Raceware in Penrose, Auckland  
[www.chicane.co.nz](http://www.chicane.co.nz)

**It's a non-competitive day, there will be many first timers on the track so listen to the briefing and overtake with caution. There will be lots of help and support on hand for those first and second timers.**
